- Login from Email
- Login from Link

3. Supplier Submit Response for RFP

4. Email Notification

1. Introducing to Ariba Sourcing

What is SAP Ariba Sourcing?

SAP Ariba Sourcing is an online procurement platform used by many organizations to compare and select suppliers through various sourcing steps such as RFI (Request for Information), RFP (Request for Proposal), and Auction. The system allows suppliers to submit pricing and information in real-time via a web-based interface.

What Can Ariba Sourcing Do?

- **Participate in sourcing events**, such as:
 - **RFI** (Request for Information): Submit product/service details.
 - **RFP** (Request for Proposal): Submit pricing along with product/service details.
 - **Auction**: Suppliers compete by submitting real-time bids during the auction in Ariba Sourcing.
- **Submit documents** directly in the system, such as quotations, company certifications, etc.
- **Track the status of your proposal**: whether the customer is reviewing, has closed the event, or already selected a supplier.

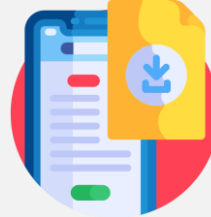

Benefits of Using Ariba Sourcing for Suppliers

1. Access to new business opportunities

- Participate in sourcing events with leading organizations worldwide that use Ariba
- Expand your customer base with global exposure

2. Easy-to-Use Online Platform

- Submit information, proposals, and documents anytime, anywhere
- No need for paper documents or multiple email exchanges

3. Reduced Administrative Work

- All documents are stored securely in the system — no risk of loss

4. Transparent Competition with Real-Time Updates

- In Reverse Auctions, you can see your current bid ranking
- Plan your pricing strategy more effectively

5. Track Proposal Status Anytime

- Check the progress of your submission (e.g., Pending Selection)

6. Structured Communication with Buyers

- In-system messaging available for direct communication.
- Reduce confusion from scattered emails or phone calls
- Keep a clear record of communication for each event

Supplier Submit Response

There are 3 types of events as follows:

1. RFI (Request for Information)

An RFI is a preliminary step in the procurement process used to collect general information from potential suppliers. It helps buyers understand supplier capabilities and assess their suitability before moving forward with formal sourcing.

- No pricing or commercial terms are involved at this stage.
- Used for initial supplier qualification or feasibility assessment.

2. RFP (Request for Proposal)

RFP is a formal process used when the buyer has clearly defined requirements and requests suppliers to submit detailed proposals, including pricing, specifications, and terms. It allows the buyer to compare both commercial and technical aspects to select the most suitable supplier.

- Requires commercial information (e.g., pricing)
- May include attached documents such as specifications or Terms of Reference (TOR)
- Evaluations are based on both price and quality criteria

3. Reverse Auction – e-Auction

Auction is an online competitive bidding process where pre-qualified suppliers submit their prices within a set time frame. In a reverse auction, suppliers compete in real time by lowering their prices to win the business. This helps the buyer obtain the best possible price for the required goods or services.

- Only partners who have passed the qualification and technical evaluation are invited to participate in the Auction Event.

2. Login to Supplier Ariba Business

Login to Supplier Ariba Business Network from Email

1. Open the email invitation to participate in the bidding from Thai Airways.

- Click on **"Click Here"** to go to the Ariba

Thai Airways International Public Company Limited-TEST has invited you to participate in an event: **UTS-SC-SP3-1050-005 RFI.**

Piangkwan Khapimpibanbut <s4system-prod3+744551764-T.Doc1476508896@ansmtp.ariba.com> 24 ก.พ. 2025 12:40

SAP Ariba

Event Name → Thai Airways International Public Company Limited-TEST has invited you to participate in the following event: **UTS-SC-SP3-1050-005 RFI.** The event is set to begin on **Sunday, February 23, 2025 at 9:40 PM, Pacific Standard Time.** → Start date and time of the event

Use the following user name to sign in to Thai Airways International Public Company Limited-TEST events: 3pkpinky@gmail.com.

[Click Here](#) to access this event.

When you click this link, sign in with your user name and password. You will then have the option to register your buyer-specific user ID with a new or existing Ariba Commerce Cloud account and participate in your event.

If you do not want to respond to this event, [Click Here](#). You must register on the Ariba Commerce Cloud or sign in using your existing Ariba Commerce Cloud account user name and password before you can indicate that you do not want to respond to this event.

If you have forgotten your user name or password and are unable to sign in, [Click Here](#).

NOTE: The forgot password link is only valid for 24 hours. After this link expires, click Forgot Password on the Ariba Sign In page to reset your password.

If you have questions about this event, contact Piangkwan Khapimpibanbut via telephone at or via e-mail at piangkwan.khapimpibanbut@nttdata.com.

We look forward to working with you!

Thank You,

Login to Supplier Ariba Business Network from Email (Cont,)

2. Enter your "Username" and "Password", click "Login"

- In case you forget your username or password, please click on **"Forgot Username or Password"**.

The screenshot shows the SAP Ariba Supplier Login interface. At the top, there is a header with the SAP logo and the text 'Ariba Proposals and Questionnaires'. Below this, the 'SAP Ariba' logo is displayed. The main heading is 'Supplier Login'. There are four numbered steps indicated by purple circles: 1. 'User Name' input field, 2. 'Password' input field, 3. 'Login' button, and 4. 'Forgot Username or Password' link. To the right of the login fields, there is a promotional message: 'Do you want to be seen by businesses around the world?' accompanied by an image of hands holding a globe and a 'Learn More' button. At the bottom right, there is a user profile icon and a button with three asterisks.

Login to Supplier Ariba Business Network from Email (Cont,)

3. Once logged in, the event page will be displayed.
